Proud to be the exclusive providers of Parelli Saddles since 2001

3 STEPS TO FIND THE PERFECT SADDLE FOR YOU AND YOUR HORSE

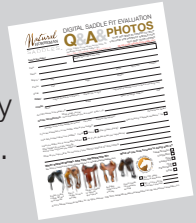
Parelli™ Saddles

Investing in a new saddle is always an important decision. A saddle needs to fit you AND your horse AND adapt to each of your needs over time as you develop and change in the discipline that each of you enjoys. We've spent 15 years of research and development to create the perfect saddle for you. But the best possible way to feel confident that your saddle system will thrill you is to have us ship one directly to you to take it for rides on your own horse. It will come with all the accessories (pad, shims, girth) that you need to be set yourself up for success. You'll be amazed by what you will feel when your horse's back and shoulders have the comfortable space they need to carry you smoothly.

1

DIGITAL SADDLE FIT EVALUATION

Our comprehensive QUESTIONAIRE will guide you to send information and photos of your horse (and you). Via these, we will provide you with an experienced evaluation of how to best fit your horse's back as well as make recommendations of the saddle(s) that will serve your physiques and be best suitable for your riding interests, ability and preferred discipline(s).



ONLY $25 per horse

2

TEST A SADDLE FOR FREE!

Based on the results of your personal DIGITAL SADDLE FIT EVALUATION, you can test the saddle that promises to be the best choice for you and your horse for 5 FULL DAYS to be certain.

You only have to take care of the round trip shipping

3

PERSONAL ASSISTANCE

In case you prefer having personal assistance, simply contact one of our CERTIFIED SADDLE SPECIALISTS for information about saddle work-shops in your area or private lessons.

NATURAL HORSEMAN SADDLES SPECIALIST™

COMING SOON!

CONTACT: saddles@naturalhorsemansaddles.com

Our test program is free of charge for an entire week (5 days). You, the customer, will only pay for shipping roundtrip of the saddle which will include insurance for the value of the saddle. In case you wish to keep and test the saddle longer, additional costs of $35.00 occur per additional day. On top, you have the option to lease a saddle for longer periods of time, e.g. if you would like to attend a special clinic where you need a saddle for your primary discipline. If you choose to purchase a saddle, we will ship your new saddle free of charge within continental US and Europe. We expect the saddle to be returned max 8-10 days after receipt so that it arrives back in our office either in the US or EU, which should allow for weather changes. You´ll agree to return the saddle to either our US or EU office in the same condition in which you received it. Any damage incurred to the saddle while under your care should be addressed upon return. Any due compensation for damage incurred will be paid at the time of return. Test ride stock subject to availability.
